At ETF Ventures Inc., our mission is simple: to create an uncommonly great experience for customers in need of auto service and repair as a Meineke franchise. Meineke Inc. was founded in 1972 on the principles of providing high quality service at a fair price with a commitment to fix vehicles correctly, the first time. Our Marietta Center is equipped with the latest manufacture-level diagnostic equipment for domestic and foreign vehicles. Our technicians are trained to use iPad © based tools such as AutoVitals, MKey Cloud POS and Estimator tools to help keep a digital audit of each vehicle, service performed and recommendations. Our facility lobby is designed to be welcoming and comfortable for customers and staff. We enjoy providing the highest level of service while maintaining the Meineke principles! We're looking to find the team member who will provide this experience to our customers!

!

What You'll Do

Auto Mechanic responsibilities include a wide range of automotive repairs:

- ✚ Inspecting vehicle engine and mechanical/electrical components to diagnose issues accurately.
- ✚ Repair and replace engine and transmissions components
- ✚ Inspecting vehicle computer OBD and electronic systems to repair, maintain and upgrade as needed.

Responsibilities

- ✚ Inspect vehicle engine and mechanical/electrical components to diagnose issues accurately
- ✚ Inspect vehicle computer and electronic systems to repair, maintain and upgrade
- ✚ Conduct routine maintenance work (replacing fluids, lubricating parts etc.) aiming to vehicle functionality and longevity
- ✚ Honestly assess vehicles and build a detailed estimate of necessary repairs.
- ✚ Communicate cause and correction for customer concerns regarding their vehicle.
- ✚ Schedule future maintenance sessions and advise customer on best practice vehicle use.
- ✚ Repair or replace broken or dysfunctional parts and fix issues (e.g. leaks) in accordance to manufactures standards.
- ✚ Provide accurate estimates (cost, time, effort) for a repair or maintenance jobs.
- ✚ Input all service work and issues in Meineke Tracking System

What's In It For You?

At Meineke Car Care Center Marietta #2899, you'll be working with some of the best tools in the industry, which will allow you to help each car owner experience its best life ever! Why? You can't get the job done correctly without the right tools, training and experience!

Who You Are

You're confident with the right tools in your hand, and you can use your experience, vast automotive knowledge and training to properly and timely diagnose, repair and restore a vehicle.

You're comfortable with all the rigors that come with working on a vehicle.

You believe that the best way to raise your game is to take advantage of training opportunities as they roll your way.

Qualifications:

- ✚ High school diploma or GED (or 1+ years of related work experience servicing vehicles instead of the degree).
- ✚ Proven experience as auto mechanic
- ✚ Excellent knowledge of mechanical, electrical and electronic components of vehicles
- ✚ Working knowledge of vehicle diagnostic systems and methods
- ✚ Ability to handle various tools (e.g. pliers) and heavy equipment (e.g. lift)
- ✚ Willingness to observe all safety precautions for protections against accidents, dangerous fluids, chemicals etc.
- ✚ Excellent physical conditions
- ✚ Ability to drive standard and automatic transmission vehicles.
- ✚ Valid driver's license and safe driving record.

Preferred:

Continue training to maintain current A.S.E. status and to meet with technology and fleet changes as they occur.

Physical requirements:

Frequently required to stand, walk, reach, talk, hear, stoop, bend, kneel, crouch, squat, climb, and tolerate excess noise levels and car exhaust.

Vision requirements: close, distance and color vision, depth perception and ability to adjust focus.
